For the first time, we are going to approach the vast problem of heart failure from a new perspective by combining the annual Cleveland Clinic Heart Failure Summit with the Society of Thoracic Surgeons Biennial Circulatory Support Meeting. As always, we are assembling an outstanding international faculty to explore the rapidly evolving field of heart failure management.

*Brochure and call for abstracts will be mailed April 2002; **Abstract deadline: June 30, 2002.***

**An evening reception will take place on Friday, August 23 from 7:00 to 10:00 pm at
The Great Lakes Science Center.** For more information, please contact the
