

## Updates for the General Thoracic Data Specifications v2.07 Document

This document contains an itemized list of necessary corrections and/or modifications for the STS General Thoracic Data Specifications v2.07 document. This document will be updated as needed and posted on the STS web site. It is recommended that developers should check this document periodically to determine whether any new updates have been made. Please note that the specifications document itself will NOT be updated to reflect these changes.

(Last update: 4/20/2005)

SeqNo	Short Name	Issue:	Date of update
450	TobChew	<ul style="list-style-type: none"> <li>• ChangeFromv2_06, #1, parent field was changed from “TobNone” to “Tobacco” (not “Comorb” as indicated)</li> </ul>	4/20/2005
460	TobCig	<ul style="list-style-type: none"> <li>• ChangeFromv2_06, #1, parent field was changed from “TobNone” to “Tobacco” (not “Comorb” as indicated)</li> </ul>	4/20/2005
480	TobPipe	<ul style="list-style-type: none"> <li>• ChangeFromv2_06, #1, parent field was changed from “TobNone” to “Tobacco” (not “Comorb” as indicated)</li> </ul>	4/20/2005
