STS Policy Regarding Industry Ancillary Activities
Held Concurrently with STS Standalone Educational Activities

Overview

The Society of Thoracic Surgeons (STS) recognizes the importance of working collaboratively with industry to meet the needs of the Society's membership. In an effort to provide more opportunities for STS meeting attendees to benefit from their relationships with industry, the Society has established this STS Policy Regarding Industry Ancillary Activities to allow educational and other programs offered by industry—and not developed or sponsored by STS—to be held in conjunction with STS meetings. These activities include symposia, hands-on workshops, receptions, meal functions, investigator meetings, and focus groups. This policy document has been developed to facilitate overall meeting planning for the benefit of STS members. Industry activities that target STS meeting attendees and occur concurrently with or within 48 hours before or after STS standalone educational activities require STS written consent. Organizers must submit the online application, complete the applicable fee payment, and comply with this policy document.

General Rules

1. Activities designed by or on behalf of industry for attendance by STS standalone educational program attendees are considered industry activities within the scope of this policy ("Ancillary Activities"). There can be no implication in any promotional materials, handouts, or enduring materials that Ancillary Activities are planned, sponsored, or endorsed by STS absent special arrangements with, and prior written approval of, STS.
2. Ancillary Activities developed by industry must be offered during times allotted by STS (see online Application). STS has sole discretion to schedule all Ancillary Activities at its meetings.
3. Companies applying to offer Ancillary Activities must be Exhibitors or Educational Grant providers for the STS standalone educational activity associated with the Ancillary Activity unless an explicit exception is granted in writing by STS. Exhibit space is to be paid in full before any Ancillary Activity is approved.
4. Promotional materials for Ancillary Activities must receive prior approval from STS (see "Promotion" below).
5. STS does not provide Continuing Medical Education credit for Ancillary Activities. Any Ancillary Activity that offers CME must comply with ACCME Accreditation Requirements. All Ancillary Activities must be in compliance with the AMA's Ethical Opinion on Gifts to Physicians from Industry.
6. Once STS approves an Ancillary Activity, the provider, commercial supporter(s), activity title, content, date, and time as approved by STS for the Ancillary Activity may not change without the Society's written approval.
7. Organizers of an Ancillary Activity are solely responsible for making all appropriate financial arrangements for that Ancillary Activity (see "Logistics" below).

8. Representatives from STS may attend the Ancillary Activity without cost to audit compliance with this policy.
9. STS is not responsible for multiple companies offering Ancillary Activities at the same time and/or addressing the same topic.
10. STS encourages organizations hosting Ancillary Activities to evaluate their offered activities and requests that the results of such evaluations be shared with the Society.
11. Ancillary Activity sponsors must abide by all venue guidelines regarding use of animal tissue.

Logistics

1. Ancillary Activities will be scheduled by STS.
2. Organizations hosting Ancillary Activities may use all or a reduced portion of their allotted time, but cannot exceed the scheduled timeframe without the Society's written approval.
3. Space for Ancillary Activities will be provided on a first-come, first-served basis and will only be assigned after the application is accepted by STS.
4. Sessions must be contained within the room assigned.
5. Food functions must occur within the assigned Ancillary Activity timeframe.
6. **Industry Symposia:** fees associated with this activity covers room rental, setup and cleanup, food and beverage service (alcohol excluded), and basic audiovisual equipment such as a projector, screen, and microphone. All other expenses associated with the activity, including speaker honoraria, additional audiovisual services, electrical services, shipping, and any other ancillary costs, are the sole responsibility of the industry symposium sponsor. Sponsors are responsible for making all of the appropriate financial arrangements for these add-ons.
7. **Hands-On Workshops:** fees associated with this activity covers room rental, standard tables and chairs, personal protective equipment (PPE), and plastic protective sheeting. All other expenses associated with the workshop, including speaker honoraria, audiovisual services, electrical services, product materials, surgical instruments, animal tissue, setup and cleanup, and waste removal, are the sole responsibility of the hands-on workshop sponsor.

Promotion

1. All promotional materials must be submitted to Samantha McCarthy at smccarthy@sts.org for STS approval. STS must review and approve all promotional materials produced in conjunction with an Ancillary Activity (e.g., invitations, announcements, signs, flyers, website information) prior to their dissemination. STS has the right to reject such promotional materials at its sole discretion.
2. A minimum of 5 business days are required for STS review of promotional materials.
3. Promotional materials should not be pre-printed prior to approval. It is not the responsibility of STS to cover any costs associated with materials that have been pre-printed and are not approved.

4. Exhibit booth representatives may distribute invitations and other promotional material for the activity at their booth.
5. The STS name, logo, and other intellectual property may not be used on any Ancillary Activity announcement, including email, sign, publication, or other material, without the prior written approval of STS.
6. All invitations, promotional materials, and other materials related to the Ancillary Activity, print or electronic, must include the following statement: *“This industry activity will be held in conjunction with an STS standalone educational activity. It is not part of the official STS scientific program.”*
7. Ancillary Activities consisting in whole or in part of educational sessions require the following statement to be clearly and prominently displayed on the syllabus and on all promotional and other related materials, print or electronic: *“Continuing Medical Education (CME) credit for this activity is not offered by STS.”*

Benefits

1. This Ancillary Activity option offers a limited opportunity to provide a customized activity marketed to surgeons and allied health care professionals who are in attendance at the STS meeting.
2. Each industry sponsor will receive two complimentary exhibitor badges per symposium and hands-on workshop.
3. **For symposia and hands-on workshops:** STS will provide an easel sign that has the title of the symposium and/or hands-on workshop, as well as the company name. Each Ancillary Activity sponsor also has the opportunity to post its own sign advertising the activity outside the room in which the activity takes place.
4. STS will make reasonable efforts to avoid scheduling conflicts with approved Ancillary Activities, but it cannot guarantee nor be responsible for attendance levels consistent with the provider’s expectations.

Cancellation Policy

1. STS must be notified promptly in writing of the cancellation of any scheduled Ancillary Activities.
2. No refunds will be issued for cancellations.

Violations and Sanctions

STS, at its sole discretion, reserves the right to revoke privileges for future programs of any sponsoring organization, supporting organization, or activity organizer involved in planning an Ancillary Activity that does not comply with the rules and requirements set forth in this policy document.

Application Process

Once a completed application is submitted, it will be referred to relevant staff for review. The requesting organization will be contacted in writing regarding the outcome of the application.

STS staff will confirm meeting space assignments with the primary contact noted on the application and will convey this information to the venue. After notification of meeting room assignment, the sponsor of the Ancillary Activity will work with STS staff and the venue to manage all meeting needs.

In the event that final approval is not granted, STS will not be responsible for canceling any arrangements that may have been made by the applicant in connection with the proposed Ancillary Activity. In addition, STS will not be responsible for any costs incurred for the proposed Ancillary Activity.
