# MIPS Overview

MIPS is a CMS program designed to promote reporting of quality information by eligible professionals

The STS National Database is a Qualified Clinical Data Registry (QCDR) in 2020

- A QCDR is a CMS-approved entity that collects clinical data on behalf of clinicians for data submission
- The data submitted to CMS via a QCDR cover quality measures across multiple payers

In 2020, MIPS is available to STS Adult Cardiac Surgery Database participant surgeons

# MIPS Overview (cont.)

## Cost

- MIPS is free to STS members
- For non-members, the fee is \$500 per surgeon

## \* New in 2020 \*
