v4.20 Data Spec Update

January Training Manual Update

STS Website Navigation

- Database News
- Webinars
- IQVIA Landing Page...coming soon
Poll Question

Keeping in mind that the monthly webinars will need to focus on IQVIA for the next few months (at least through March), would you like to have subsequent monthly webinars later in the month for the upgrade? This will mean two webinars a month for ACSD.

- Yes, starting in late January
- Yes, starting in late February
- No, I think webinars starting in April for the upgrade is fine
Important Dates for Adult Cardiac

- **6 Jan.**
  - ACSD Beta Testing

- **31 Jan.**
  - ACSD Q32019 Report Posted on DCRI Portal

- **13 Jan.**
  - ACSD Go-Live (ACSD Q42019 Harvest Open)

- **31 Mar.**
  - DCRI Report Portal Closes

- **14 Feb.**
  - ACSD Q42019 Harvest Close
IQVIA Update

IQVIA Update – Login & Password

Login and Password Details

• IQVIA ACSD Login and Password to be sent **January 13, 2020**.
  • Two (2) email notifications will be sent from the STSTechSupport@iqvia.com
    • (1) Username notification
    • (2) Temporary Password notification

• Formal communication will be sent from STS to notify usernames/passwords were sent to participant users

• Usernames will be formatted as first name initial combined with last name (i.e. John Doe will be assigned to username jdoe)

• Users will be prompted to create a new password upon initial login
Best Practice Guidelines for File Submission

- Log into the system early to get familiar with the workflow and review the new data quality report (DQR).
- Start off with uploading smaller files; Start with 1-2 weeks of records
  - This will allow you to review messages that you may encounter during the upload process.
  - This will allow you to review the different levels of messages that you can review within the data quality report.
- Start early - Do not wait until the last minute to begin uploading your files – give yourself time to adjust to the new transition.
- Remember - you are able to continuously submit files and review – allows you to pace yourself.
Best Practice Guidelines for File Submission

• **IMPORTANT NOTE:** Data collected through the end of the harvest period should be submitted by harvest close to be included in analysis.

Example:

• **ACSD Harvest 1 2020** analysis window closes on **February 14th**.
• To be included in H1 2020 Analysis, all OR Dates through December 31st 2019 should be submitted to IQVIA by harvest window close, February 14, 2020.
• **Data submitted on February 15th (regardless of OR date) will be included in Harvest 2.**
IQVIA Update – Supported Data Versions

Support Data Form Versions

• IQVIA will only support the ACSD **v2.9** and **v2.81** data collection versions.

• Previous data versions will not be uploaded.
  • The older version are not supported on the IQVIA platform
  • **Example** - if the user uploads a file that contains fields that were collected in **v2.73 or older** the file will not be uploaded.

• Vendors have been notified that these are the only supported data versions and should not include previous version in their exported files.
Uploader Workflow
Upload Instructions

Below are the instructions to upload:
- Choose/drag a valid file
- Click on Upload
- Wait for upload completion
- Access Database and verify data uploaded
- Access reports and verify the data

Choose File from Computer
(Max File Size: 50 MB)
File Structure Errors

Your file is not formatted properly and will not continue processing. Review the feedback below for more information.

Message

This registry only accepts dat files.
Sample Data Quality Report
IQVIA Update – What’s Next

• Missing Variable Report
  • Displays identified percent missing for data variables uses in analysis

• ACSD Participant Dashboard Report
  • Displays identified data variables for total case and percentage counts
# Missing Variable

## Missing Variable Report

### Report Description:
Use this report to determine which variables are missing data for the data range selected.

### Data Range: 1/1/2020 - 4/1/2020
