Please use the Q&A Function.

We will answer as many questions as possible.

We encourage your feedback and want to hear from you!

Current Reporting Status Update

Today's Topics

Intermacros and Pedimacs Reporting

- Additions to the Data Quality and Quality Assurance Reports

STS Intermacros and STS Pedimacs Data Quality Reports

- Added exhibit about patients' missing discharge forms. The sites may now track missing implant discharge forms.

STS InterMACs Quality Assurance Reports

- Added exhibit comparing patient percent experiencing each adverse event

STS Pedimacs Quality Assurance Reports

- Major report revision to include all patients at site (previous reports had focused on patients receiving durable support)
- Starting 2020 Q1, the statistical summaries and benchmarks for quality assurances portion of this report is organized in 3 sections:
 - Section 1 – All Patients
 - Section 2 – Patients Receiving Durable Support - Patient details and outcomes based on the patients first durable device implanted and subsequent follow-up
 - Section 3 – Patients Receiving Only Temporary Support - Patient details and outcomes based for patients receiving only temporary devices based on the first temporary device implanted and subsequent follow-up
