**The Society
of Thoracic
Surgeons**

Join Us in New Orleans

Thought-provoking lectures, practice-changing science, and hands-on instruction from renowned experts—all this and more awaits you in “The Big Easy” at the STS Annual Meeting. No other meeting offers more translational science that you can take home and put into practice.

Whether you’re an experienced surgeon, just starting your career, still in training, or a member of the surgical team, you’ll find dozens of sessions targeted at keeping you relevant in the rapidly evolving field of cardiothoracic surgery.

Exciting **NEW EDUCATIONAL SESSIONS** will cover transcatheter aortic valve replacement in low-risk patients, building a thoracic robotics program, artificial intelligence/machine learning approaches for risk prediction, lymphatic intervention after congenital heart surgery, and how to train residents today so that they can thrive in 2030.

HIGHLIGHTS

Updates on the **NEXT GENERATION STS NATIONAL DATABASE** will be provided during Monday’s plenary session, prior to the Chamberlain Papers and the Presidential Address by Robert S.D. Higgins, MD, MSHA.

A **NEW KEYNOTE LECTURE**, as well as a symposium focusing on diversity and inclusion, honor Vivien T. Thomas, the surgical technician who helped pioneer the anastomosis of the subclavian artery to the pulmonary artery.

Tuesday’s **C. WALTON LILLEHEI LECTURE** will be given by Bartley P. Griffith, MD, who has developed the world’s first wearable artificial lung system.

The **PROGRAM HAS BEEN EXPANDED** to include more content for critical care/allied health professionals, ensuring that all members of the surgical team can benefit from attending the meeting.

“As cardiothoracic surgeons, it’s an honor to work in a field where we have such an incredible impact in saving the lives of patients with heart and lung diseases. We welcome and cherish the opportunity and look forward to learning how to enhance that impact through the programming at the STS Annual Meeting. We are patient-focused, quality-based, and mission-driven!”

*Robert S.D. Higgins, MD, MSHA
President*

Arrive Early for the Coding Workshop

The 2-day STS Coding Workshop, which will be held immediately preceding the Annual Meeting, will provide all members of the cardiothoracic surgical billing team with strategies to achieve the maximum possible reimbursement. The Coding Workshop will take place Friday and Saturday, January 24–25, at the Hilton New Orleans Riverside. View the program and register at sts.org/codingworkshop.

Registration

Registering early for the Annual Meeting guarantees your spot at one of the most highly anticipated cardiothoracic surgery events in the world. Your registration fee provides you with access to dozens of educational sessions covering all aspects of the specialty, as well as entrance to the Exhibit Hall, where you can discover the newest products and services available.

Additionally, you will receive complimentary access to Annual Meeting Online, a web-based video presentation of most sessions offered at the Annual Meeting that will provide the opportunity to earn significantly more continuing medical education credit beyond what you can earn at the live meeting.

 Ticketed events (Tech-Con, the President's Reception, and hands-on STS University courses) are available at an additional cost. For more information, see page 8.

Register online at sts.org/annualmeeting.

Registration Categories

Please note that STS members are NOT automatically registered for the Annual Meeting.

STS Surgeon Members: STS Active, International, and Senior Members

STS Associate Member Physicians (Non-CT Surgeons): STS member physicians who are not eligible to become Active, International, Candidate, or Pre-Candidate Members

STS Associate Member Non-Physicians: STS members who are PhD research scientists, physician assistants, perfusionists, nurses, nurse practitioners, practice administrators, data managers, and others with an interest in cardiothoracic surgery

STS Pre-Candidate and Candidate Members: **Pre-Candidate:** Medical students and general surgery residents who are STS members. **Candidate:** Cardiothoracic surgery residents/fellows/trainees who are STS members

Non-Member Physicians: Non-member cardiothoracic surgeons and other physicians with an interest in cardiothoracic surgery

Non-Member Non-Physicians: Non-member PhD research scientists, physician assistants, perfusionists, nurses, nurse practitioners, practice administrators, data managers, and others with an interest in cardiothoracic surgery

Non-Member Residents, Fellows, and Medical Students: In order to register for the STS 56th Annual Meeting, non-member general surgery residents and cardiothoracic surgery residents/fellows must complete a registration certification form during the online registration process. Non-member medical students must upload a copy of their current student identification card to the registration website.

Not an STS Member? Apply Today and Save on Registration!

Membership in the Society comes with a host of benefits—including significantly reduced registration fees for the Annual Meeting.

Applications, including third-party verification, for Associate, Candidate, and Pre-Candidate Membership must be submitted by January 17, 2020, in order to be considered prior to the Annual Meeting. Those approved for membership can then register at member rates.

STS membership also includes a complimentary subscription to *The Annals of Thoracic Surgery*, exclusive access to a cardiothoracic surgery e-news briefing, deeply reduced fees on live and online learning activities, eligibility for discounted participation in the STS National Database, and networking with the largest group of cardiothoracic surgeons worldwide. To apply, visit sts.org/membership.

NOTE: Applications for Active and International Membership will be considered at the next Board of Directors meeting on January 26, 2020; pending members do not receive discounted Annual Meeting registration rates.

STS University

SATURDAY JANUARY 25

7:00 a.m. – 8:30 a.m. (Session I)

9:00 a.m. – 10:30 a.m. (Session II)

Kick off your Annual Meeting experience with hands-on learning from the specialty's top experts. STS University is the *only* educational event scheduled for Saturday morning, allowing you to participate in these unique courses without missing any other great sessions.

STS University will provide you with knowledge that you can take back home and put to use right away. After attending the mitral valve repair course at the 2019 Annual Meeting, one participant said, "I am more prepared with both skills and judgment to perform mitral repairs in my practice."

Choose from among the following courses; each will be offered twice on Saturday morning.

Course 1: VATS Lobectomy

Course 2: Complex Chest Wall Issues for the Thoracic Surgeon: Reconstruction after Tumor Resection, Pectus Deformities, and Rib Fractures

Course 3: Robotic Lobectomy

Course 4: Aortic Root Enlargement Procedures and Aortic Valve Leaflet Reconstruction

Course 5: **NEW!** ECMO Cannulation

Course 6: Essentials of TAVR

Course 7: Mitral Valve Repair

Course 8: Valve-Sparing Aortic Root Replacement—Reimplantation

Course 9: Minimally Invasive Aortic and Mitral Surgery

Course 10: Transseptal Puncture for Surgeons

"STS University is an opportunity for you to see procedures in action. The hands-on practice you'll get will help prepare you for implementing such techniques in the future."

*Thomas K. Varghese, MD, MS
Co-Chair, STS University Task Force*

Tech-Con

SATURDAY JANUARY 25

11:00 a.m. – 6:15 p.m.

Now part of the Annual Meeting—and offering the option to claim CME credit—Tech-Con will give you an up-close look at the new frontier in cardiothoracic surgery. The adult cardiac surgery sessions will focus on evolving techniques and technology in structural heart disease, ischemic heart disease, heart failure, and atrial fibrillation. Topics such as intraoperative tumor localization, nanotechnology, artificial intelligence, and robotic techniques will be covered in the general thoracic surgery sessions.

Exciting additions to the Tech-Con program include two Lunch and Learn sessions, during which industry experts and surgeon moderators will discuss the latest products and technology. **(Note:** The Lunch and Learns are non-CME activities.)

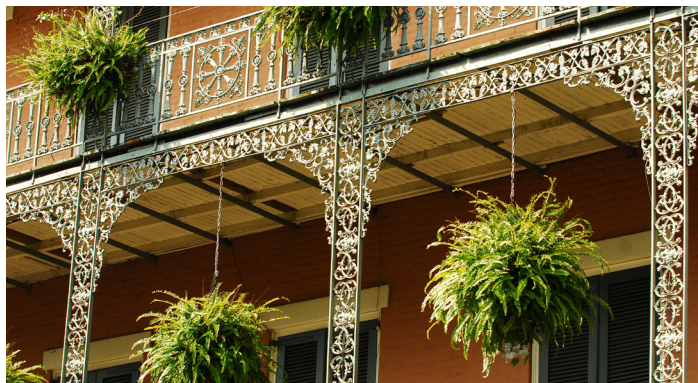

The day's final Tech-Con session will include a keynote lecture by Mark S. Cohen, MD, a noted expert on innovation and entrepreneurship, as well as the always popular Shark Tank presentations.

President's Reception

SUNDAY JANUARY 26

7:00 p.m. – 10:00 p.m.

Experience the thrill of Mardi Gras with a behind-the-scenes look at how artists and architects build show-stopping parade floats during the President's Reception at Mardi Gras World, held in honor of Robert S.D. Higgins, MD, MSHA. The reception will be held right in the studio where these floats are designed and assembled, and tours will be offered. Enjoy New Orleans cuisine and an open bar while mingling with friends and colleagues from around the world. Tickets for this exclusive event can be purchased when you are registering for the meeting; don't delay, as space is limited.

Air Travel

The Louis Armstrong New Orleans International Airport (MSY) serves all major airlines and is approximately a half-hour drive from the Ernest N. Morial Convention Center, depending on traffic. Visit flymsy.com for more information.

Ground Transportation

Attendees are responsible for their own transportation from the airport to their hotels or the convention center. Options include:

TAXIS: To hail a taxi, visit one of the booths located on the ground level outside of Baggage Claim Belts 1 and 14. Taxi rides cost \$36 for one or two passengers; for three or more passengers, the fare is \$15 each.

RIDE SHARES: If you are taking an Uber or Lyft, meet your driver on the ground level of the Short-Term Parking Garage, which can be accessed by crossing the pedestrian crosswalk located outside of Baggage Claim Belt 6.

SHUTTLES: Airport shuttle tickets can be purchased at booths located throughout the Baggage Claim area or ahead of time at airportshuttleneworleans.com. The rate is \$24 one way or \$44 roundtrip.

PRIVATE CARS/LIMOUSINES: Visit one of A-Airport Limousine's kiosks in the Baggage Claim area to request a sedan, SUV, or limousine for up to eight passengers. You also can schedule a pickup at airportlimousineneworleans.com. Rates range from \$58 to \$118, depending on the type of vehicle and number of passengers.

CAR RENTAL: STS has negotiated special car rental rates from Hertz. Reservations may be placed at hertz.com or by calling 800-654-2240 from within the United States and Canada; from international locations, call 00-1-405-749-4434. To receive the discounted STS rate, mention convention number (CV#) 04R50008 when making your reservation.

International Attendees— Act Now to Secure Your Visa

If you are not a US citizen and plan to attend the STS Annual Meeting, advance planning is critical. Attendees from outside the United States may need to apply for a visa at the American Embassy, Consulate, or other visa-issuing office in their country of origin. Please begin your visa application process as soon as possible. Learn more at travel.state.gov.

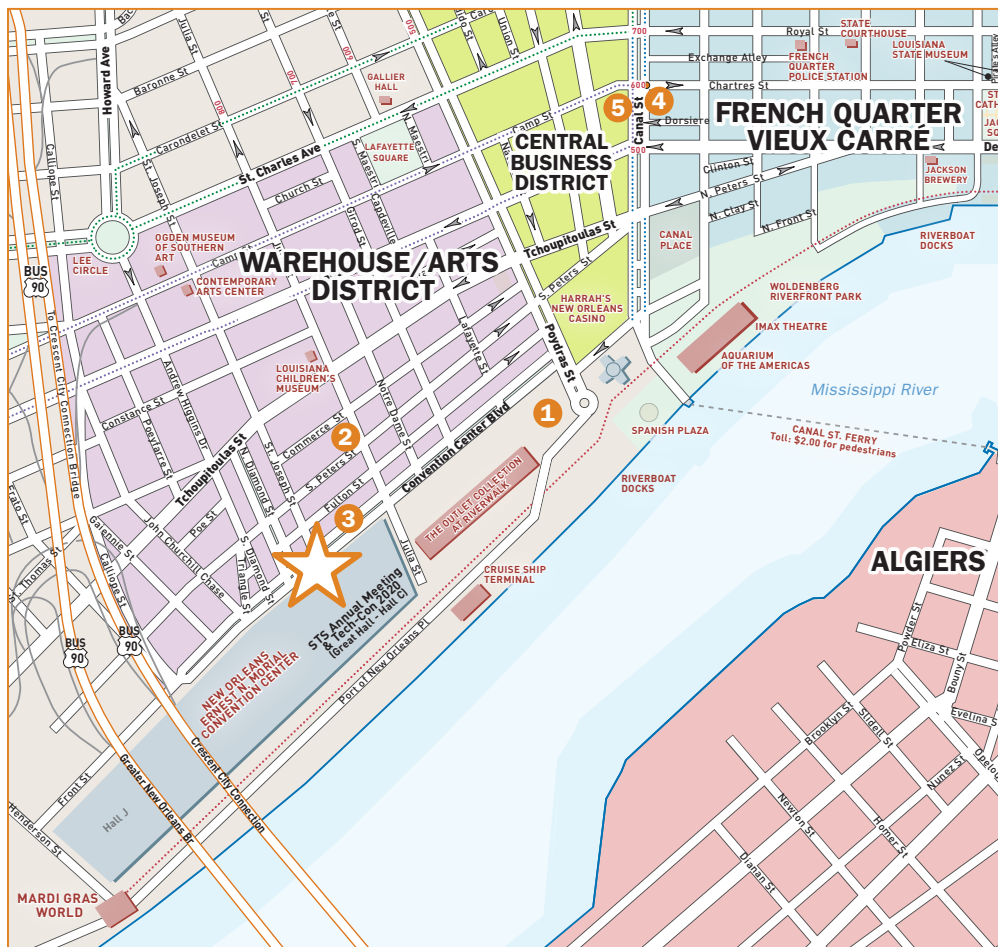

If you need a personalized letter of invitation, visit sts.org/annualmeeting and complete the Letter of Invitation Request Form. After you have submitted the form, you'll receive a letter signed by STS CEO/Executive Director Elaine Weiss, JD, stating that you are cordially invited to attend and participate in the Annual Meeting. If you have questions about the visa invitation letter, contact meetings@sts.org.

You also can request a customized justification letter at sts.org/annualmeeting. The letter, signed by STS President Robert S.D. Higgins, MD, MSHA, describes the benefits of attending the Annual Meeting and potential return on investment for your organization.

PLEASE NOTE: STS cannot promise that you or your colleagues will receive a visa, nor can it change the decision of any governmental agency should your application be denied.

“What I love about the STS Annual Meeting is touching base with friends and colleagues you haven't seen in a long time—finding out what they've been working on and new techniques they're applying. That peer-to-peer learning is really important.”

*Jennifer S. Lawton, MD
Vice Chair, Annual Meeting Program Task Force*

STS Hotels

Exclusive discounted rates are available when you reserve your hotel through the Society's room blocks! Book early for the best selection at your choice of five outstanding downtown New Orleans hotels.

Making your reservation through the official STS room blocks helps the Society continue to leverage the best possible pricing for its members. Staying in the STS hotels also may help you engage in peer activities and networking at the hotels during the meeting. *You must register for the Annual Meeting before you can book your housing.*

Shuttle service will be provided between the convention center and the Hilton New Orleans Riverside, Marriott New Orleans, and Sheraton New Orleans. Both the Courtyard New Orleans Downtown/Convention Center and New Orleans Downtown Marriott at the Convention Center are within walking distance of the convention center.
