Surgeons

# EMBRACING INNOVATION

Join us for an immersive digital experience that combines a tradition of excellence with the innovation of tomorrow.

The Society of Thoracic Surgeons (STS) Annual Meeting will educate, inspire, and bring together members of the cardiothoracic surgery team from around the world.

STS 2021 will showcase the latest research and practice in all major cardiothoracic surgery disciplines. No other meeting offers more translational science that you can take home and immediately put into practice.

STS 2021 is designed for all members of the cardiothoracic surgery team. Whether you're an experienced surgeon, just starting your career, still in training, or an allied health professional, there is an immense amount of content designed to keep you up to date in the rapidly evolving field.

*"It will be unlike anything the specialty has experienced to date."*

Joseph A. Dearani, MD  
STS President

## **SESSIONS WILL BE A MIX OF ON-DEMAND AND LIVE BROADCAST CONTENT AND FEATURE:**

- › Thought-provoking lectures
- › Panel discussions
- › Small-group sessions for easy interaction with experts
- › Polling and attendee chat capabilities
- › 360° videos
- › Deep-dive sessions
- › Hot topics in all cardiothoracic surgery disciplines

## **THE EVENT ALSO WILL INCLUDE:**

- › High-profile keynote speakers
- › Top-scoring scientific abstracts
- › E-posters
- › Virtual exhibit hall
- › Industry symposia
- › Social and wellness events

*"The combination of preproduced elements and live content will provide attendees with access to cutting-edge research and global expertise in our field. The programmed tracks will be complemented by a wide range of on-demand content, giving trainees and early academicians opportunities to share their best work."*

Mara B. Antonoff, MD

Available with  
multilanguage translation.

# REGISTRATION

## Register early for STS 2021 and take advantage of early bird rates.

STS members save even more—and Candidate and Pre-Candidate Members can register for free! Plus, the first 1,000 registrants will receive an STS-branded fitness cooling towel, which will come in handy with some of the social events planned!

**STS-branded fitness cooling towel**

## Included with Registration

Your registration fee provides you with access to more than 75 educational sessions covering all aspects of the specialty, as well as special events and entrance to the virtual exhibit hall, where you can discover the newest products and services available.

Additionally, you will receive complimentary access to Annual Meeting Online, a digital library of STS 2021 sessions.

See [page 7](#) for pricing.

**Register now! [sts.org/annualmeeting](https://sts.org/annualmeeting)**

You'll need your **STS Member ID** to receive the discounted member rate. Database participation is not the same as STS membership (e.g., Active or Associate Membership). Your 6-digit STS Member ID is not your site or Database participant ID. For help with your STS Member ID, please contact **Member Services** at [membership@sts.org](mailto:membership@sts.org) or 312-202-5800.

## Continuing Education Credits

The Society of Thoracic Surgeons is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Society of Thoracic Surgeons designates this other activity (blended live and enduring material) for a maximum of 107.0 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

STS is also seeking approval to provide nursing and perfusion credits.

---

*"We are including content and immersion features throughout the meeting that will provide an ongoing storyline and dialog that will keep attendees engaged and offer opportunities for connection and mentorship."*

Tom C. Nguyen, MD

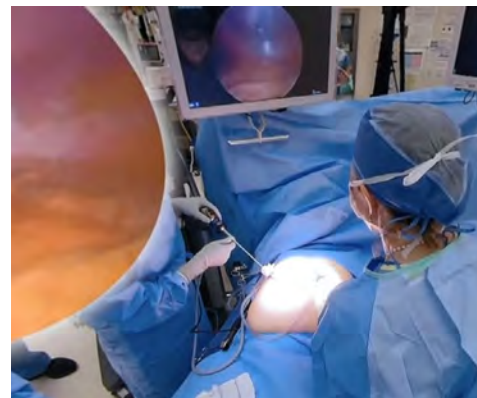

---

*"Sessions will utilize technology and offer enough variety that our attendees will remain engaged without experiencing the 'virtual fatigue' that has become common over the past few months."*

Juan A. Crestanello, MD

# IMMERSIVE VIDEO EXPERIENCES NEW

FRIDAY, JANUARY 29 8:30 a.m. – 12:30 p.m. ET

Secure your spot for the new and exciting course series, Immersive Video Experiences (an optional add-on program). The series currently includes 16 sessions—five offering an opportunity to get a 360° view of the operating room during a procedure performed by a surgical luminary. 11 “deep dives” will highlight various procedures using a combination of video segments and interactive group discussions. Purchasing access to the Immersive Video Experiences includes all 16 sessions.

## IN THE OR WITH...

Experience a procedure “wheels in” to “wheels out” as a world-class surgeon brings you into an operating room, talks you through his/her thought processes and operative techniques, and demonstrates the difference between good outcomes and masterful ones. Attendees will be able to see who’s in the room, how they are positioned, and what equipment they are using—all without traveling to another hospital. A moderator will discuss with the master surgeon critical aspects of the procedure, drive the 360° views, and engage the audience for interactive discussions throughout each session.

Joseph E. Bavaria, MD  
Valve-sparing aortic root procedure – reimplantation

Shanda H. Blackmon, MD, MPH  
VATS lobectomy

Robert J. Cerfolio, MD, MBA  
Robotic lobectomy

Joseph A. Dearani, MD  
Congenital heart surgery

Vinod H. Thourani, MD  
TAVR

*"The Immersive Video Experiences go beyond access to the surgical video at the tip of the rigid scope. Viewers will now be able to see everything that's happening in the operating room, how the teams interact with one another, what the surgeon's doing on the outside of the chest at the same time as operating on the inside of the chest." Shanda H. Blackmon, MD, MPH*

# IMMERSIVE VIDEO EXPERIENCES NEW

## DEEP DIVE INTO ...

To complement and expand upon the 360° video topics, the series also will include 11 sessions in which experts will take attendees on a “deep dive” into a particular procedure, showing video clips of procedure nuances and engaging the audience during interactive discussion periods.

Sessions include:

- › Atrioventricular replacement strategies in neonates and infants
- › Minimally invasive mitral valve surgery
- › Transseptal puncture for surgeons
- › Chest wall reconstruction after tumor resection
- › Navigating initial nights on call as a resident
- › Valve-sparing aortic root procedure reimplantation
- › Essentials of TAVR
- › Robotic lobectomy
- › VATS lobectomy
- › Minimally invasive esophagectomy
- › Ross and Ross-Konno procedure-preventing neoaortic root dilatation

*"While traditional videos of surgical or transcatheter procedures offer only a unidimensional experience, this program allows participants to be engrossed within all aspects of the procedures and is guaranteed to enhance the learning of these complex surgeries for not only practicing physicians, but also residents and the entire heart team." Vinod H. Thourani, MD*

## NETWORKING, SOCIAL & WELLNESS EVENTS

FRIDAY, JANUARY 29 7:30 p.m. ET

A live show from The Second City, the legendary improvisational comedy group, will welcome attendees. It will be an evening of laughs and entertainment that includes audience participation and special appearances by STS leadership. The show is included with registration and everyone is welcome to attend.

Each day of the meeting will offer attendees an opportunity to take part in free social events, including yoga, mindfulness, Peloton rides, a cooking demonstration, trivia night, and more!

# PRICING

Please note that STS members are NOT automatically registered for the Annual Meeting.

STS MEMBERS	EARLY BIRD (THROUGH DEC. 15)	STANDARD (DEC. 16 – JAN. 31)	Add-On Program (Optional) IMMERSIVE VIDEO EXPERIENCES*
<b>MEMBER SURGEONS</b> Active, International, and Senior Members	\$ 250	\$ 350	\$ 150
<b>ASSOCIATE MEMBER PHYSICIANS</b> Non-CT surgeons	\$ 250	\$ 350	\$ 150
<b>ASSOCIATE MEMBER NON-PHYSICIANS</b>	\$ 150	\$ 200	\$ 75
<b>CANDIDATE AND PRE-CANDIDATE MEMBERS</b>	\$ 0	\$ 0	\$ 50

NON-MEMBERS**	EARLY BIRD (THROUGH DEC. 15)	STANDARD (DEC. 16 – JAN. 31)	Add-On Program (Optional) IMMERSIVE VIDEO EXPERIENCES*
<b>PHYSICIANS</b>	\$ 350	\$ 450	\$ 200
<b>ALLIED HEALTH</b> Non-member, non-physician	\$ 250	\$ 325	\$ 125
<b>RESIDENTS/TRAINEES</b>	\$ 100	\$ 150	\$ 100

\* Includes all sessions within Immersive Video Experiences

\*\* Learn more about becoming an STS member at [sts.org/membership](https://sts.org/membership) and taking advantage of discounts and other opportunities

## CANCELATION POLICY

All registration cancellation requests must be made in writing and emailed to [meetings@sts.org](mailto:meetings@sts.org). Requests for refunds will be honored until the virtual platform and content library launch, approximately 1 week before the meeting. A processing fee of \$50 USD will be charged for all cancellations.

# GENERAL INFO
